

Thank you for making our wedding day, a day that we will always remember forever. Our wedding day was everything that we had dreamed of + more. Skylight was an absolutely wonderful venue + we got so many wonderful compliments about the chairs + the service + food. The dinner was wonderful. Everyone really enjoyed the dinner. Changing the dessert was a really good idea because it was a perfect dessert to finish the dinner. Many thanks for all of the things that you did for us (i.e. the chairs) + all of the times that we changed things. You are an amazing person to work with + you take pride in what you do + it is reflected in your service. Thanks again for everything. We couldn't have done it without you!!
